

## Technical Data Sheet

Product : Geotextile (GT)- Woven 100

Waterproofing Dep.

PROPERTY	TEST METHOD	VALUE
Mass/Unit Area	DIN EN ISO 9864	Black
Ultimate Tensile Strength	EN ISO 10.319	330 g/m <sup>2</sup>
longitudinal		≥ 100 kN/m
transversal		≥ 100 kN/m
Tensile Strength@6% longitudinal	EN ISO 10.319	≥ 50 kN/m
Strain at nominal tensile strength	EN ISO 10.319	
longitudinal		≤ 12%
transversal		≤ 12%
Water permeability index normal to the plane	EN ISO 11058	13 × 10 <sup>-3</sup> m/s
Creep after 2 years at 50 % stress ratio		1%
Standard dimention		
Width		5.00 m
Length		300.00 m

Certificate	
MAIN ADVANTAGES	High tensile strength in conjunction with low strain, Low creep, High resistance to microorganisms as well as chemical and physical action, integral separation function
Usage Application	Reinforcement, Seoaration, Filtration, Drainage

No 128, Secound Square of Shahrān, Tehran, Iran
